

Major projects face a Systemic Challenge:

Project Owner,
Public Agency

How can we better leverage this project to address our goals despite scarce funding and resources?

Stakeholders

Show me how our priorities are being addressed!

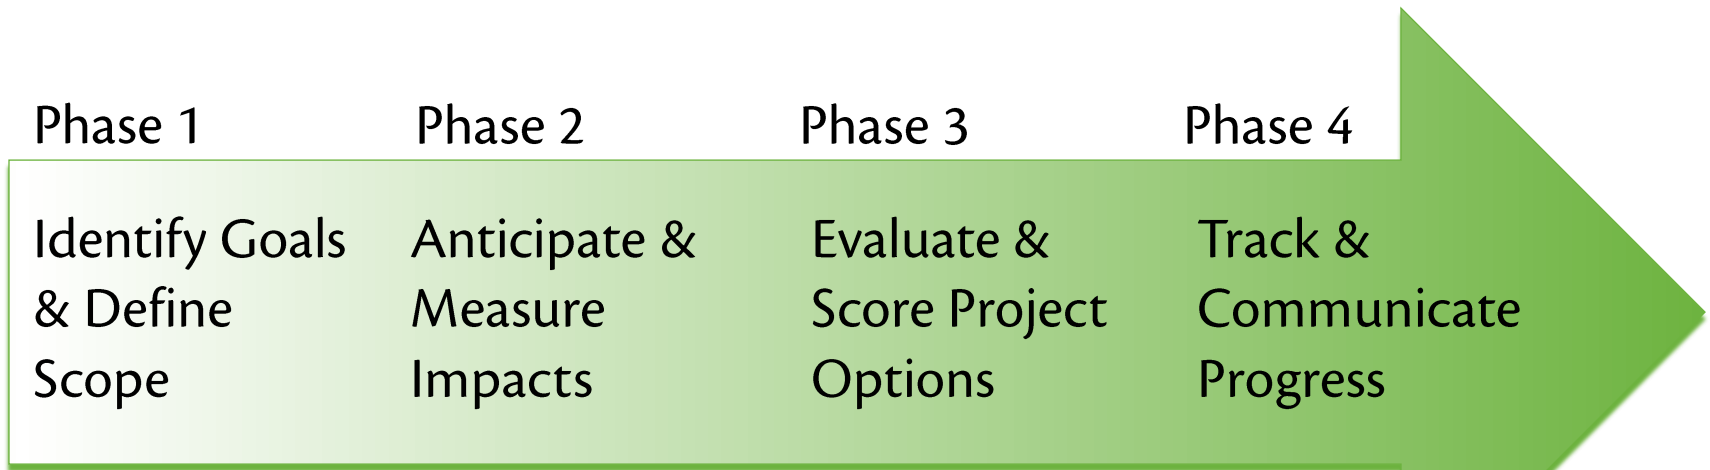

Designers

How can we develop a design that achieves the owner's goals in fewer iterations?

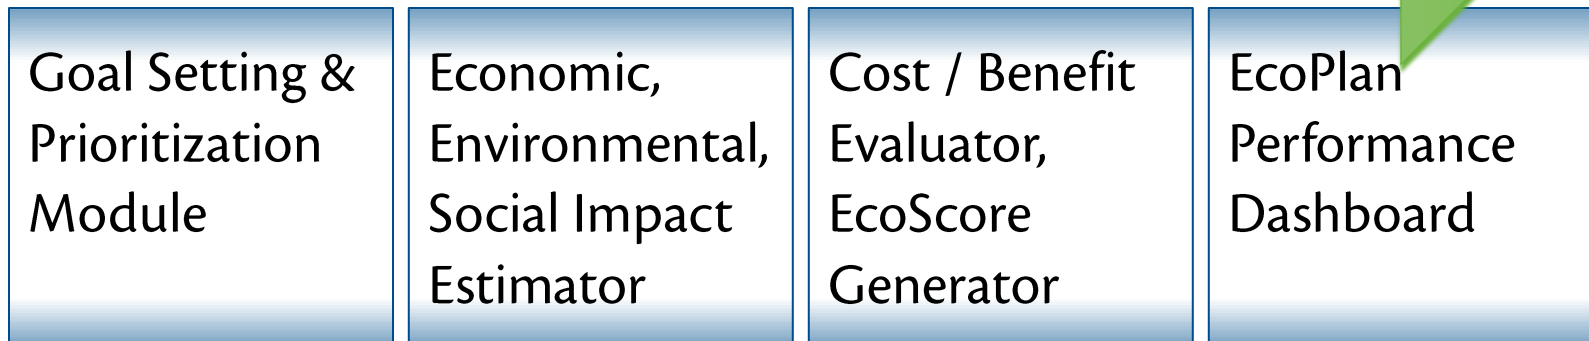

Contractor

How can we help get this job going?

The ECOPLAN™ Solves this challenge with our approach, patent pending software & support

EcoPlan Software:

The ECOPLAN™ benefits the entire Team

Team Member:

Public Agencies &
Owners
Representatives

Features:

- ✓ Scoring System
